PROFILE

I am a dedicated engineering graduate with a degree in Information Science and Engineering from RNS Institute of Technology, with a strong academic foundation and a genuine interest in information technology, web development, and domain languages. I am eager to apply my theoretical knowledge and practical skills to real-world challenges.

EDUCATION

College Name: <i>RNS Institute of Technology</i> Stream: <i>Information Science and Engineering</i> CGPA: <i>8.10</i>	Bengaluru 2024
College Name: <i>Mahesh Pu College</i> Stream: <i>PCMB</i> Percentage: <i>79.5</i>	Chitradurga 2020
School Name: <i>Indian International School</i> Percentage: <i>80.64</i>	Chitradurga 2018

SKILLS

Programming Languages : C++, Java, Python
Databases : SQL, DBMS,RDBMS, MySQL,PostgreSQL DB, JDBC Basics,
Software Development Concepts: OOP (Object-Oriented Programming), J2EE(Basics) , Threading Building Blocks(TBB) , Multi Threading, Spring Boot, Hibernate, Microservices, RESTful APIs, API
Web Development : HTML, CSS, React, JavaScript, Shell Script
IDE Software / tools : Visual Studio Code , Eclipse, CI/CD, Linux, Online Compilers
Interests : Data Structures and Algorithms, Web Development, Problem Solving, AWS, Debugging, Flask
Version Control : Git, GitHub

PROJECTS

Cricket World Cup Database Management System * A Database Management Project. * Frontend: HTML, CSS * Backend: PHP * Database: SQL	GitHub
Healthcare Management System * A Mobile Application Development Project. * Programming Language: Java * Database: SQLite	GitHub

CERTIFICATES

Java Programming Masterclass

* A course on udemy which focuses on essential java basics for transitioning to the Spring Framework.

Introduction to Databases and SQL Querying

* A course on udemy which introduces the concept of Databases and Introduction to SQL Querying.

Advanced Databases and SQL Querying

* A course on udemy which focuses on advanced T-SQL Querying concepts.

Complete HTML5 Course

* A course on udemy which focuses on a wide range of topics related to HTML5, starting from the basics and progressing to more advanced concepts.

Successful Presentation

* An online course authorised by University of Colorado Boulder and offered through coursera.

INTERESTS

* Photography

* Video Editing
